I've installed the game with the additional DLC. Loading the game, the Japanese text is shown. Where do I get the additional DLC? I've purchased the game, so do I have to buy it again (as there is no indication of this new DLC) . May 16, 2020 So I've asked the folks from bullet down at support. They've said that the answer is NO. You get the same Price for the localized DLC as for the English DLC. One of the devs answered that it is. The other said that the answer is NO. So maybe the answer is NO. As they didn't know anything about the English DLC. . Jan 11, 2020 Did your DLC work? I don't have the additional DLC for xbox 360 and I'm wondering if you can help. I have all of the other DLC's from the I want more pack but I can't get it to work. All the DLC's appear and the game starts up but I don't hear anything other then the opening music and subtitles. I have called bullet down and they don't have any information as to why it isn't working. I'm at my wits end Oct 14, 2019 I have the Hitman Absolution English File on my storage device with which I play the game (the italian language). . I have some questions: 1. Where are the missing resources? I just don't see the English Pack on my storage device. 2. Is the English pack free? 3. I've installed the new english pack and the game has started normally (in english) but I see that the english audio is lacking. There's nothing coming from the XBOX. 4. What's the resolution of your audio? I'm very excited about all the new features of HtA in English. May 20, 2019 I have done that, But I don't see the option for the DLC on my store. I see the option for the additional English language pack on steam. So I've looked on Steam, and I can't find the update to go from the package. Apr 30, 2019 I've installed the mandatory extra language pack for the console version of Hitman Absolution with my PC (I've bought the game, not the DLC). When I start the game there are no issues. I have to start the game with the L3 key, but I have the impression that f678ea9f9e
