

Kitab Mukhtarul-Hadith, also known as the modern gold standard of hadith collections, is the most authoritative hadith text of its time. This hadith text published in 1905 under the editorship of Imam Nawawi was compiled by scholars who payed special attention to hadiths on Bukhari and Muslim. The book takes care to include reliable bases for every Hadith with proper references so that it is impossible for anyone to accuse hadiths in Kitab Mukhtarul-Hadiths of minor mistakes or fabrications. This publication has been acclaimed as one of the great achievements in Islamic scholarship after Hadiths from Bukhari and Muslim were divided into various books. The book is important for the reason that it was written for the benefit of the common people to improve their lives.
